NEW COAT OF PAINT FOR NED'S POINT LIGHTHOUSE

THE UNITED STATES COAST GUARD HAS BEGUN SAND-BLASTING NED'S POINT LIGHTHOUSE IN PREPARATION FOR PAINTING IN PHOTO ON COVER TAKEN WEDNESDAY MORNING. THE OLD BEACON SHOULD SHINE FROM TOP TO BOTTOM VERY SHORTLY. NED'S POINT LIGHT, AS A NEWLY INSTALLED STAINED GLASS WINDOW IN THE MATTAPOISETT TOWN HALL, HAS A MOST INTERESTING EFFECT. THE TONY PELSON DESIGNED AND CRAFTED WINDOW HAS BEEN LIT FROM INSIDE AND AS THE ONLOOKER PASSES BY IT SEEMS TO BLINK. THE THREE ROUND WINDOWS, MASSASOIT, WANDERER AND NED'S POINT REALLY PUT THE FINISHING TOUCH ON THE TOWN HALL REPAIRS.

Nicholson, Jr., Water Department Superintendent, a letter of support to submit an application for funds. The support is subject to Nicholson informing concerned landowners. Nicholson said he will try to notify landowners by phone to expedite matters.

Nicholson told the board, "We are under a time constraint, as the awards will be made in January." He noted he was seeking Selectmen's opinion. "I still need comments from the Planning Board, Finance Committee, and the Conservation Commission."

Four property owners are involved in the 138 acres; 83 of which would be purchased and 55 sanitary easements in the Tinkham Lane section, the water superintendent noted. One of the land owners is James Bungert; another is Frank Linhares. Nicholson added that the Linhares' gravel pit would only require an easement.

The purpose of the grant is to purchase with state funds land and easements in the areas of ground water recharge. The application requests funds to protect ground water resources in the vicinity of Mattapoisett's Wells #3 and #4 located near Tinkham Lane and the Mattapoisett 8" test well to the north of Tinkham Lane.

Eligible project costs cannot exceed $500,000; eligible study costs cannot exceed $50,000. Nicholson noted non-eligible costs, such as title searches, appraisal fees and legal fees, will be the town's responsibility.

Nicholson termed the project "a step in the right direction". Selectmen Chairman John DeCosta commented, "any land we can purchase now will ensure water for future generations, and we (the board) heartily approve what the Water Commissioners are doing".

EXPRESSED PLEASURE at receipt of a letter from Police Chief James Moran concerning the town's EMT service.

In part, the letter read, "On October 24 the state Emergency Medical Service inspector from Boston inspected our Class I ambulance, all emergency medical supplies and EMT records. The inspector complimented the Police Department for a well-equipped ambulance, a full stock of medical supplies and a complete update of records."

Chief Moran noted in his letter that the department is now certified for a two-year period.

Selectmen especially noted the work Lt. James Santos has done as the officer in charge of the EMT's. The week of November 13-19 has been proclaimed by the board as EMT Week.

GRANTED an all-alcoholic package store license to David J. Murray of Shaw Road, South Carver. He has purchased Romeo's Package Store, 12 Water Street, from Robert G. Wood.

Murray said he has no plans to either change the store's name or type of business. He noted he has no immediate plans to move to Mattapoisett.

Chairman John DeCosta welcomed him to Mattapoisett. He stressed the importance of checking ID cards, especially because of the great number of young people around the wharf area in the summer. Murray assured the board this would be his major priority.

Decision

Editorial, DCJ

President Reagan should be a great comfort to all Americans. At last we have a contemporary United States leader who can recognize a threat in the Caribbean and take decisive action to wipe it out. Ever since the weakness that led to the Soviet Union's Communist base in Cuba, this country has seen nothing but trouble in Central and South America as the Russians exploit their stronghold to export their ideology to this hemisphere. Every President must choose either to act or not to act. Most of the non-actions are the ones that haunt us forever. Every non-action leaves a vacuum. The Soviets are noted for exploiting weakness and filling vacuums. This is the famous 2 steps forward and 1 step back technique that has enslaved millions.

Any Presidential decision brings out a swarm of critics, most of whom would feel naked without a placard in their fist. All, no doubt, would be most content under a regime which tolerates no critics.

We can do without another armed Soviet base in the Caribbean. Thanks to President Reagan's action, we will.

Stang Dinner Theater

Following the meal the curtain will open for a presentation of THE PASSIONS OF AMOROSO, a comedy written in the style of the 16th century commedia dell' arte, from which such famous comedians as the Marx Brothers, Charlie Chaplin, and Lucille Ball drew their inspiration and style. The play is set in the town of Bologna late in the 1500's. The action revolves around problems arising from a love triangle. Amorella (Donna Bourchard), a beautiful young maid, is betrothed to Scapin (Jay McCroy), the braggart soldier; however, she falls in love with Amoroso (Shane Morin), a poet. Scapin, the best swordsman in Bologna, insists upon dueling Amoros for stealing his fiance. Onto the scene comes the absent-minded, rogue servant Harlequin whose aid is enlisted in protecting Amoroso. Harlequin's plotting, scheming, and antics, along with his own love intrigue with Columbine (Penny Piva) make for high comedy.

Madcap servants and peasants called zanni played by Judy Duarte, Janet Costa, Jill Pierce, Dennis Longo, and Chris Conforti keep the action of the play moving. Interspersed throughout the play are many ballads (sung by Michael Langlois) and

dances from the period.

Following an intermission the Stang Players will close the evening with the play "THE REAL INSPECTOR HOUND. This comedy "whodunnit" is actually a play within a play. Two critics, the frustrated and dreaming Moon (Tim McGowan) and the lady's man Birdboot (Sean Fitzgerald) arrive at a theatre to review a play. The play they are reviewing takes place in the desolate Muldoon Manor. Onto this set come an intriguing host of characters: Mrs. Drudge (Angela Paquin), an eccentric maid; Simon Gascoyne (Charles Jodin), an urbane stranger; Major Magnus (Andy Thomas), a doddering old man suffering from amnesia; Cynthia (Tiffany Hill) and Felicity (Mary Elizabeth Butler), two jealous ladies fighting for the affection of Simon. Murder is committed and the dimwitted Inspector Hound (Robert Massoud) arrives to try his hand at solving the crime.

What about the critics? Well, through a series of bizarre events they become involved in the play they came to review. This is a play packed with thrills, surprises and fun.

The dinner theatre will be presented at the Bishop Stang Auditorium on November 4-5. Tickets are priced at $5.00 (special) reserved), $4.00 (reserved), $3.00 (students, senior citizens), $2.50 (shows without dinner). The dinner begins at 7 o'clock and curtain is at 8 o'clock.

Memorial School

ROCHESTER SCHOOL LIBRARY TO RECEIVE BOOKS FROM THORNTON BURGESS SOCIETY

The Rochester Memorial School Library has been selected by the Thornton W. Burgess Society to receive a twenty volume set of books by Thornton W. Burgess. This is a gift from the Society. This presentation, being made during National Children's Book Week, typifies the best in children's literature.

Thornton Burgess was a renowned children's author and naturalist who wrote more than 170 books and 15,000 bedtime stories during a span of fifty years. Born in Sandwich, he grew up close to the nature and wildlife of that area. His experiences and observations were the foundation for his writings from 1910 (Old Mother West Wind) to his retirement in 1960.

Established in 1974, the Thornton W. Burgess Society was founded as a non-profit educational organization "to inspire in youth a reverence for wildlife and a concern for the environment". The Society maintains the Burgess Museum in the historic center of Sandwich, which displays the largest collection of Mr. Burgess' writing ever assembled, and operates the Green Briar Nature Center, where the work of Thornton Burgess is carried on today

teaching the principles of natural history and conservation.

Each year the Society presents several sets of books to libraries throughout the United States, upon written application. These delightful stories continue to instill a love of nature in the hearts of children today as they become acquainted with Peter Rabbit, Reddy Fox, Jimmy Skunk, Grandfather Frog and countless other animal characters.

Also, in connection with Book Week, the Memorial School will conduct a book swap, where students will bring used paperback books geared to children's interests and leave them in the Library, giving their name and the number of books brought in to the Librarian. Then, those students who have brought in books may take the same number of books out of the used book box to take home and read.

Letter to The Editor

THERE'S A LAW AGAINST PETS!

"Protect Our Pets" or ProPets is a group of concerned people from all walks of life who object to the use of household pets for experimentation. We have joined hands and resources to repeal this law -- something our State legislature has refused to do. ProPets is not against research and experimentation. Our only intent is to stop the surrender of lost pets to research; namely, those seized and impounded -- perhaps your lost pet or your neighbor's -- and bought for $2 or $3 by research laboratories for experimentation.

Since the State legislature won't solve this problem, we want to take it straight to the people in the form of a petition on the November 1984 ballot. But this is no easy task. 61,000 valid, voters' signatures must be certified by November 23, 1983, in order to petition the 1984 Legislature to enact our petition into law.

ProPets asks that these unfortunate pets be reunited with their owners, be put up for adoption, or humanely put to sleep. PETS DO NOT BELONG IN LABORATORIES.

Statewide, petitions are being circulated in shopping centers, post offices, town dumps, and senior citizen centers, as well as colleges. Please assist our animal lovers by reading their educational materials and signing their initiative petition.

WHALING MUSEUM NEEDLEWORK IN RHODE ISLAND HISTORICAL SOCIETY EXHIBITION

Three pieces of needlework loaned from the Old Dartmouth Historical Society (New Bedford Whaling Museum) collection will be featured in the exhibition opening at the Rhode Island Historical Society in Providence, Rhode Island on November 6 through January 22. The exhibition, "Let Virtue Be A Guide to Thee", will display the largest collection of fine needlework ever assembled.

All three of the Whaling Museum pieces were embroidered by Amey Russell of New Bedford about 1809, when she was 13 years of age and attending Balch School in Providence, Rhode Island. The Balch School (1785-1847) is the origin of the largest group of American schoolgirl needlework which may be attributed to a single school.

The Russell family coat of arms was embroidered by Amey in silk, chenille and metallic threads on a silk background. It is a spectacular example of the skill and artistry of Balch School needleworkers.

The frame, the work of William T. Grinnell of Providence, is one of the most ornate to be found on schoolgirl needlework.

Following the Providence schedule, the exhibition will travel to the Museum of Fine Arts in Houston and the Metropolitan Museum of Art in New York.

The Whaling Museum will sponsor a trip to view the exhibit in Providence on Thursday, November 17th. For further information contact the Museum.

To the Voters of Rochester:

I have been a resident of the Town of Rochester for seven years. During that time I have come to know and love the town. I have watched with dismay as we became the laughing stock of the area. It is time a sense of responsibility and reasonableness is returned to our government. I believe this can be accomplished and our image restored in short order with a Board of Selectmen who can put aside personal conflicts and work together.

We need someone with business experience, a strong personality who can stand on his own feet and who has had experience with or knowledge of the many boards which help to maintain our rural atmosphere but is also flexible enough to grow with the times. I believe I can be that man. I serve on the Conservation Commission as its Vice Chairman and have working knowledge of the Finance Committee and the Board of Appeals.

I respectfully ask you to consider my candidacy when you go to the polls on November 15th.

ceive prizes and awards and the top state winner, his or her parents and coach, will be the guests of the Boston Celtics at a game in Boston Garden in March.

Other prizes include digital watches, walkman radios, gym bags, T-shirts, and painters cape. Schools and organizations are eligible to win color television sets, compliments of Zayre, gift certificates for athletic equipment, plaques and stop watches.

"It's an example of kids helping kids", said Carr, adding, "they can have fun, win some great prizes and help children with disabilities, all at the same time."

Last year some 5,000 youngsters who took part in the event raised nearly $50,000 to help the Easter Seal Society provide programs and services for persons with disabilities in Massachusetts.

Coaches and participants seeking more information about the Shoot-Out should contact the Massachusetts Easter Seal Society between 9:00 a.m. to 5:00 p.m. weekdays at the following toll free number (1-800-922-8290).

Service Academy Nominations

APPLICATION DEADLINE NOVEMBER 15

Congressman Gerry E. Studds, D-MA., has announced that November 15 is the deadline for all 10th District students to apply for admittance to the Air Force, Military, Naval and Merchant Marine Academies for the academic year beginning in 1984.

"As has been my practice in the past, all applications received will be reviewed by the Service Academy Nominee Selection Committee, which I established during my first term of office, " Mr. Studds said.

"The six member committee will recommend to me the most qualified applicants from the 10th District and I will forward those recommendations to the selection boards of the respective academies as my nominees," Mr. Studds explained. The selection boards will then choose from among the nominees -- on a strictly competitive basis - those who will be offered appointments for the class entering in 1984.

Anyone interested in being considered for the class entering in 1984 should write to Congressman Studds, 1501 Longworth House Office Building, Washington, D.C. 20515.

When it comes to a man's COMFORT ...

PENNY

TASSEL

The man with a taste for the classics knows what to expect from Bass shoes. Understated good looks and uncompromising craftsmanship, for the office or casual wear. And that's what makes a classic.

But Bass shoes also have an adventurous streak. They were in the cockpit when the Spirit of St. Louis made the first solo transatlantic flight.

And Bass craftsmanship was chosen for early Arctic expeditions, when a man's life depended on his equipment.

... Bass® has it all sewed up.

BUCKS

From the original hand-stitched Weejun - they don't call them loafers for nothing - to the latest Weejun soft styles, Bass shoes are a pleasure to wear.

The all-around classics.
